3. Detailed Notice Inviting Bid (DNIB)

Manipur Renewable Energy Development Agency (MANIREDA)

An autonomous Govt. Institution under the Power Department, 2nd Floor, South Block, Secured Office Complex, Near 2nd M.R. Gate, Imphal-Dimapur Road, Imphal-795001, Manipur.

NIB No.: 67/2/2018/LED/SSL/MANIREDA

Date : 27.12.2018

Sub : (i) Design, manufacture, supply of battery, luminary, battery box, SPV module, cable, etc., including painting of pole, installation and commissioning of W-LED Solar Street Light installed at RDS crossing to Minuthong via New Checkon, Hapta Kangjeibung of Imphal East and Manipur Press Club.

(ii) 5(five) years Maintenance and Performance Warrantee Contract (MPWC)

Dear Sir/Madam,

Manipur Renewable Energy Development Agency (MANIREDA), Imphal has the pleasure in inviting offers from eligible Indian manufacturers for the above work with your best binding price offer as per specifications and terms & conditions mentioned in the bid document. Salient features of the bid document are given below:

1. Bid Document

1.1 This bid document comprises of total 20 chapters including proformas. In addition, any other documents/ instructions/amendments/revisions issued by MANIREDA to the bidder till the due date of opening of the bids shall also be deemed to be integral part of the bid document. Failure to furnish all the information as per the bid document in every respect will be at the bidder's risk.

2. Cost of Bid Document

- 2.1 Bidders can download the bid document from MANIREDA website (www.manireda.com) or [www.manipur.gov.in/https://manipur.tenders.gov.in](https://manipur.gov.in/https://manipur.tenders.gov.in)) and submit the cost of the bid document amounting Rs 500/-, as applicable along with Technical Bid.
- 2.2 Bid applications without the cost of bid document will be rejected.

3. Earnest Money

3.1 The bidder should submit in Technical Bid the earnest money in the form of Demand Draft

from a Nationalised Bank/scheduled bank of requisite value as mentioned in chapter 2 (Bid Details).

3.2 Bidders failing to submit earnest money will be rejected.

3.3 The request for adjustment of earlier dues in place of earnest money will not be entertained.

3.4 The earnest money shall be returned to all unsuccessful bidders in technical evaluation, within three weeks.

3.5 The earnest money shall be forfeited if –

- Any bidder withdraws his bid or resiles from his offer during the validity period.
- The successful bidder fails to furnish his acceptance of the Order within twenty days of placement of Work Order by MANIREDA.
- The bidder fails to successfully complete the work within the stipulated time frame. Delay in completion due to extreme and unavoidable situations will have to get approved by Director, MANIREDA. This approval will also have a cut-off date by which the entire work will have to be completed.

3.6 The earnest money shall be refunded to the successful bidder after completion of the project in all respect.

3.7 In case of claim for exemption from deposition of Earnest Money, sufficient proof in support of claim for exemption of EMD as prescribed in Govt. of India Notification is to be attached with the Bid.

4. Performance Guarantee

4.1 Performance warranty Bond shall be deposited by the supplier @5% of the Contract price excluding Installation & Commissioning and MPWC in the form of Bank Guarantee for 5(five) years period from the date of completion & commissioning of the project OR in case Bank Guarantee is not furnished, 5% of the Contract price excluding Installation & Commissioning and MPWC shall be retained as Performance Guarantee. If the solar components supplied fails to perform as per laid down system specifications or any deviations/compromise has been observed in the system specifications etc. the performance Warrantee deposit of the firm shall be forfeited.

5. Submission of Bids:

Bidders have to upload the document mentioned in Para 6.1 in the e-tender website (<https://manipurenders.gov.in>). Bidders shall also have to submit hard copies of the uploaded documents as well as stated at Para 6.4 & 6.5:

- 5.1 Bidders are advised to submit their bids strictly based on the specifications, terms and conditions contained in the bid document and subsequent revisions/amendments, if any.
- 5.2 The bid shall be prepared and submitted by typing or printing in English with indelible black ink on white paper in consecutively numbered pages duly signed by the authorized signatory with company seal affixed on each page. Any part of the bid, which is not specifically signed by the authorized signatory and not affixed with company seal, shall not be considered for the purpose of evaluation.
- 5.3 Original copy of bid document, amendments/revisions to bid document, including minutes of meeting(s), issued by MANIREDA, if any, shall be signed and submitted along with the bid.
- 5.4 All the Proformas must be on the bidder's official letterhead. Any change in wording of the Proforma will lead to rejection of the bid application.
- 5.5 The offer shall contain no erasures or overwriting except as necessary to correct errors made by bidder. Such corrections, if any, shall be initialed by the person signing the offer.
- 5.6 Hard copy of Bid Document should be submitted in Hard Bond or Spiral Binding .
- 5.7 The Bid Document should have proper paging and flagging of Annexures/details .
- 5.8 Any Overwriting /illegible/erasing, etc. in the documents submitted by the firms shall not be accepted and will not be considered in the evaluation.

6. Mode of Submission of Bids:

2.0 Opening and Evaluation of Bids

2.1 The Technical Bids and Financial Bids will be opened on the date and time mentioned in the tender website in the office of the **Director, MANIREDA, 2nd Floor, South Block, Secured Office Complex, Near 2nd M.R. Gate, Imphal-Dimapur Road, Imphal-795001, Manipur.** In presence of bidders or their authorized representatives who choose to attend the meeting. The representative should produce authorization letter to attend the bid opening meeting in the Proforma - 2.

2.2 MANIREDA, if required, may at its discretion obtain clarifications on offers by requesting clarifications from any or all the bidders at any time prior to Financial Bid opening. Such request for clarification and the response shall be in writing.

2.3 MANIREDA shall examine whether the bid is complete in all respects and conform to the stipulated requirement of the technical specifications and tests reports. The bid having material deviation shall be rejected as being non-responsive.

2.4 The Financial Bid of only those bidders, whose Technical Bid are found qualified after evaluation, will be opened and evaluated. In case of deviation in the date and time of opening of the Financial Bid from what is given in the Bid Detail, the date & time for opening of the Financial Bid will be uploaded on MANIREDA website. Bidders are requested to visit the website (www.manireda.com) regularly and keep themselves informed.

2.5 The prices shall be evaluated for components on the Total Price(P):- (a) Component cost including GST, insurance, transportation, etc. FOR Imphal (b) Installation & Commissioning including GST, Labour Cess, Service charge, etc., (c) Painting of poles and (d) MPWC for 5 years period including service charge).

2.6 The bidders shall be ranked L1, L2, L3 ...as per the Total Price (P). The Purchase/Tender Committee of MANIREDA will have the discretion to divide the quantity to be supplied among any number of technically qualified bidders at the approved rate. The work order will be issued subject to the acceptance of the bidders to supply at approved rate.

2.7 MANIREDA, if required, may at its discretion extend the scheduled date of opening of Financial Bid.

3.0 Award of Contract/Work Order

3.1 The contract/work order shall be awarded to the bidder whose financial Bid was acceptable and who is selected by the Tender Committee of MANIREDA/Higher Tender Committee to undertake the work at the approved rate.

4.0 Quantity of Supply

4.1 The quantity required as given in the Bid Details of Notice Inviting Bid is tentative and is subject to increase or decrease depending upon the actual requirement at the time of placing order and resources available.

5.0 Effective Date of Contract

5.1 The effective date of commencement of execution of the order by the selected Contractor shall be the date of issue of the Purchase/Work Order whichever is earlier.

6.0 Contract Price

6.1 The total contract price & rates of components and 5 years MPWC. In full should be quoted in Proforma-9. The price shall be for the total scope as defined in this document.

6.2 The income tax shall be deducted as applicable at the existing rate.

6.3 During the period of the contract, MANIREDA may order addition/deletion in quantities which the bidder shall comply. The adjustment in Contract Price shall be made at the same unit rate as per Price Schedule (Proforma-9).

7.0 Terms of Payment

7.1 Subject to any deductions which MANIREDA may be authorized to make under the terms of the order, the Contract Price shall be payable as given below :

(a) Mobilisation advance upto 30% of the ordered value excluding the cost of installation & commissioning and MPWC charges shall be released against submission of bank guarantee of equivalent amount from nationalized bank after verification and subject to availability of fund.

(b) 40% of the Contract price(excluding installation and commissioning & MPWC charges) or 70% if the mobilisation advance is not taken, shall be paid against duly verified successful supply of the systems in full and working condition after submission of the following documents subject to availability of fund.

1. Certificate of delivery of the number of components received by the consignee as specified in Proforma - 7.

2. Commercial invoice of the supply made in triplicate.

3. Copy of delivery challan/transportation challan/lorry receipt.

(c) Remaining 30% of the Contract price(excluding installation and commissioning & MPWC charges) and 100% of the installation and commissioning charges shall be paid against duly verified completion report with successful installation and commissioning of the systems after submission of the following documents subject to availability of fund.

1. Location-wise detail of the battery, luminary, battery box, utilization report of components installed under the Program as specified in Proforma-8

2. Verification of Certificate of Commissioning from the beneficiary countersigned by officer concerned.

3. Photographs along with details of battery, luminary, battery box, etc. installed in soft copy(CD/DVD).

(d) Payment for MPWC shall be released on 5 equal yearly installments on satisfactory performance and submission of MPWC report countersigned by beneficiary.

All payments shall be released by MANIREDA through account Payee Cheque issued in favour of the Supplier/Contractor or e-payment through RTGS/account transfer as the case may be for which the following mandatory information is to be furnished with Technical bid:

Name of the firm to whom payment is to be made	Name of bank	Bank Branch address	Account Number	Type of account	MICR Code	IFSC code	PAN No.

8.0 Income Tax :

8.1 Without prejudice to the obligations of the Supplier/Contractor under law, any Income Tax, which MANIREDA may be required to deduct by law/statute, shall be deducted at source and shall be paid to the Income Tax authorities on account of the Supplier. MANIREDA shall provide the Supplier a certificate for such deduction of tax.

9.0 Statutory Variations in Taxes and Duties :

9.1 The adjustment in the Contract Price towards imposition of new taxes or abrogation of existing taxes due to statutory variation shall be applicable only if the new tax is enacted or existing tax is abrogated within contractual delivery/execution period. For any upward variation due to enactment of new tax or abrogation of existing tax after contractual delivery/execution period, adjustment in the Contract Price shall not apply, although for any downward variation, MANIREDA shall make necessary adjustment in the rate of the items.

9.2 The Supplier shall bear and pay all liabilities in respect of statutory variations in taxes and duties and imposition of new taxes and duties that may be imposed after the contractual delivery/execution dates, as originally stipulated, in case the delivery dates are extended due to reasons attributable to Supplier.

10.0 Agreement :

10.1 The Supplier/Contractor(s) have to enter into an agreement within two weeks, in the office of the Director, MANIREDA in prescribed format before commencement of supply/services.

11.0 Inspection of the Factory and Tests :

11.1 MANIREDA reserves the right to inspect the manufacturer's works/factory to ascertain the capability/availability of necessary equipment & infrastructure required for manufacture of the item offered before opening of the Financial Bid of the bidders.

11.2 MANIREDA shall have access and right to inspect the work or any part thereof at any stage.

11.3 MANIREDA shall have the right to inspect and test the goods to confirm their conformity to the technical specifications after delivery of goods to consignee.

11.4 Successful bidder shall inform MANIREDA at least 25 days in advance of schedule dispatch.

12.0 Dispatch Instructions:

12.1 All items/components may be subjected to pre-dispatch inspection by Director, MANIREDA or its authorized representative(s) as per relative standards/provisions approved by MANIREDA before dispatch of items. Cost of inspection by officials (not more than two) would be borne by the successful bidder.

13.0 Transit Insurance:

13.1 Transit Insurance shall be arranged by the Supplier for his total supplies. In case of any damage/loss/pilferage/non-delivery during transit, the Supplier shall lodge the claim and settle the claim with the insurance agency. The Supplier shall also arrange replacement of the damaged, lost/pilfered items expeditiously pending settlement of commercial implications with insurance agency, if any, so as not to hamper the working of the system. The resultant loss if any due to failure of Supplier to comply with the above shall be to the account of the Supplier.

14.0 After Sales Service and Availability of Spare Parts :

14.1 The Supplier shall depute authorized Service Engineer within 3 days from the date of the intimation of fault, and establish sufficient inventory of spares, technicians in the State in consultation with MANIREDA to provide satisfactory and uninterrupted services during the guarantee/ MPWC period for which a servicing centre must be established at Imphal. Address, contact number etc. of the Servicing centre must be submitted before commencement of the work.

15.0 Completion Schedule:

15.1 The delivery of goods at FOR destination in full as per the terms and conditions of the contract/order shall be completed within **one (1) month** from the date of issue of the Work Order whichever is earlier and completion of installation commissioning within **two (2) months** from the date of work order.

16.0 Guarantee/Warranty Period:

16.1 The manufacturer must provide guarantee which include servicing & replacement guarantee for parts and components (such as battery, luminary, etc.) for 5 (five) years.

16.2 The guarantee card to be supplied with the system must contain the details of the system supplied as given in the Proforma - 6. The manufacturers can also provide additional information about the system and condition of guarantee as necessary.

16.3 Supplier/contractor shall without prejudice to any other clauses of the order repair/replace the defective parts and restore the system to satisfactory working/performance within 7(seven) days of intimation of fault without any additional cost to MANIREDA within the period of guarantee/ MPWC.

17.0 Assignment/Sub Letting/Pre Bidding Tie Up:

17.1 The Supplier/contractor shall not assign or sub let, manufacture, shop testing, packing & forwarding, transportation, transit insurance and supply, in whole or part, its obligations to any third party to perform under the order/contract.

17.2 In the event the Supplier contravenes this condition, MANIREDA reserves the right to reject the equipment/work sub-contracted and procure the same from elsewhere at Supplier's risk and cost. The Supplier shall be solely liable for any loss or damage which MANIREDA may sustain in consequence or arising out of such replacing of the contract work.

17.3 In case, the installation & commissioning and MPWC is planned to be carried out in collaboration with other party, the bidder has to sign MoU with the party on a Non-judicial stamp paper of value not less than Rs. 100/- and submit a copy of the MoU along with the bid. The MoU shall clearly indicate division of scope of work between the prime bidder and his sub-vendor. However, the total responsibility of work will remain with the prime bidder.

18.0 Liquidated Damages for Delay in Completion:

18.1 The completion period for the assignment must carefully be worked out and all Resource & work planning is to be done accordingly with flexibility for adjustments.

18.2 If the Supplier fails in the due performance of the contract to deliver and commission any part of the equipment or complete the work within the scheduled date for any reason other than due to Force Majeure conditions or any extension thereof granted to him by MANIREDA, he shall be liable to pay to MANIREDA as pre-agreed liquidated damages but not by way of penalty on account of delayed successful commissioning, a sum equal to 0.1% of total contract value per 3 months of such delay, or part thereof, subject to maximum of 2% of the Total Contract Value.

18.3 The liquidated damages for delayed completion shall be recovered from the Supplier's Bill/Bank Guarantee deposited as earnest money.

18.4 Deductions/payment of liquidated damages shall in no way relieve the Supplier from his contractual responsibility to complete the works.

19.0 Cancellation of Order :

19.1 MANIREDA will be at liberty to terminate in part or full the awarded contract without prejudicing its rights and affecting the obligations of the Contractor by giving seven (7) days notice in writing in the following events:

(a) If the Supplier is found defaulter for delayed supply or failure to deliver satisfactory performance or supply of substandard materials pursuant to NIB conditions.

(b) If the Supplier/Vendor fails to comply with the provision(s) of the contract including the responsibilities to fulfill the 5 years maintenance and performance warrantee contract as per the provisions mentioned in this bid document.

(c) If the Supplier/Vendor is involved in any action of moral turpitude.

20.0 Arbitration :

20.1 All disputes or differences, whatsoever, arising between the parties out of or in relation to the construction, meaning and operation or effect of this contract or breach thereof shall be settled amicably.

20.2 If, however, the parties are not able to resolve them amicably, the same shall be settled by arbitration in accordance with the Rules of Arbitration of the Indian Council of

Arbitration and Conciliation & Arbitration Act 1996 and the award in pursuance thereof shall be binding on the parties.

20.3 The venue of arbitration proceeding shall be within Jurisdiction of Court of Law at Imphal only.

20.4 Work under this contract shall be continued by the Supplier during the arbitration proceedings, unless otherwise directed in writing by MANIREDA or unless matter is such that the work cannot possibly be continued until the decision of the Arbitrator is obtained.

21.0 Force Majeure :

21.1 Should at any time during the continuance of the contract the performance in whole or in part of any obligations by either party under this contract be held up by reasons of any war, hostility, acts of foreign enemy, civil commotion, sabotage, fires, floods, earthquakes, explosions, epidemics, cyclones, quarantine restrictions, Governmental regulations, law & order and other proclamation etc. (hereinafter referred to as "Events") then, provided notice of the happening of any such eventuality is given by either party to the other within 15 days from the date of occurrence thereof neither party shall, by reasons of such eventuality, be entitled to terminate this contract, nor shall either party have any claim for damages against the other in respect of such non-performance or delay in performance, and the work under this contract shall be resumed as soon as practicable after such eventuality has come to an end or ceased to exist.

21.2 Should one or both the parties be prevented from fulfilling their contractual obligations by a state of force majeure, lasting continuously for a period of at least four (4) weeks, the two parties should consult each other regarding the further implementation of the contract.

21.3 The above-mentioned force majeure conditions/clause shall also apply in the works of sub- contractors/suppliers of the contractor.

21.4 However, the Supplier shall not be liable for liquidated damages or termination/cancellation of order/contract if and to the extent that its delay in performance or other failure to perform its obligations under the contract is the result of an event of force majeure.

5. TECHNICAL SPECIFICATION

A standalone solar photovoltaic street lighting system (SLS) is an outdoor lighting unit used for illuminating a street or an open area. The Solar Street Lighting System consists of solar photovoltaic (SPV) module, a luminaire, storage battery, control electronics, inter-connecting wires/cables, module mounting pole including hardware and battery box. The luminaire is based on White Light Emitting Diode (W-LED), a solid state device which emits light when electric current passes through it. The luminaire is mounted on the pole at a suitable angle to maximize illumination on the ground. The PV module is placed at the top of the pole at an angle facing south so that it receives solar radiation throughout the day, without any shadow falling on it. A battery is placed in a box attached to the pole. Electricity generated by the PV module charges the battery during the day time which powers the luminaire from dusk to dawn. The system lights at dusk and switches off at dawn automatically.

Scope of Work : Design , Manufacture , Supply ,installation , & 5 Years maintenance of 100 nos Solar PV LED SLS at RDS crossing to Minuthong via New Checkon, Hapta Kangjeibung of Imphal East and Manipur Press Club as per Bill of materials . The 100 nos. SLS already installed & having 2 X100Wp SPV Module & Pole & structure . The job included renovation , replacement , painting any other tit bit job related to the operation of the LED SLS .

The LED SLS will operate with dusk to dawn . The first 4 hours will operate with full brightness & rest of the time with lower light level with motion sensor . In case in any movement is there it senses it & glows full with full light and automatically back to lower level after some time.

The LED fixture will be fixed at a suitable position of the pole using arm made of GI Pipe. Battery of specified capacity has to be housed on the battery box stand to be welded in the pole. The battery box shall be covered by Grill for protection .The total system should be installed keeping in view a good aesthetic look.

Bill of Materials For LED Solar Street Light

Sl. No.	Items/Description	Specification	Quantity
1.	PV Module	12 V , 100 Wp as per Tech. Spec	08 nos
2.	Lithium Ferro phosphate Battery (LiFePO4)	12.8V, 30AH as per Tech. Spec.	100 nos
3.	Luminaries set including solar charge controller	LED based 30 W light as per tech. spec.	100 sets
4.	Module mounting Structure (Hot deep Galvanized)	Made up with 40 mm x 40 mm x 05 mm MS Angle as per tech. spec. of Sl. no.: 06	08 Nos
5.	Battery Box with Grill	As per tech. spec.	100 Sets
6.	Cables and Wiring materials	4.0 Sq. mm. as per tech. spec	100 sets
7.	Painting & other materials	LS	100 sets

Technical Specification of SPV Module

Sl. No.	Items	Description
1.0	Certification	i) IEC 61215 or IS 14286 ii) IEC 61730
1.1.	Type Test certificate issuing authority.	NABL/ IEC Accredited Testing Laboratories or MNRE accredited test centers.
2.0	PV Cell	
2.1	Type	Crystalline Silicon preferably Poly-crystalline Silicon
3.0	PV Module	

3.1	Rating under STC	Minimum capacity of each PV Module to be used is 100 Wp
3.2	Efficiency	Minimum 14%
3.3	Fill factor	Minimum 70%
3.4	Withstanding voltage	1000V DC
4.0	Glass	
4.1	Thickness	3.2 mm (minimum)
4.2	Type	High transmission, low iron, tempered & textured glass.
5.0	PV Module Junction Box	
5.1	Protection level	IP 65 or above
6.0	Bypass Diode	
6.1	System Voltage (V sys)	1000 V dc
6.2	Number	3 numbers (minimum)
7.0	Module Frame	
7.1	Type	Anodized aluminium frame
8.0	Manufacturer	Solar Module must be manufacturing facility in India
9.0	Warranty	(i) Minimum warranty against workmanship 60 months from the date supply or 63 months from the date of installation whichever is earlier . (ii) The manufacturer should warrant output of solar module 90% up to 10Years & 80% up to next 15 years as per MNRE specification

Technical Specification of Battery

Sl. No.	Items	Description
1.	Standard	Conform to the latest BIS/IEC/MNRE Specification
2.	Type	Lithium Ferro phosphate Battery (LiFePO4).
3.	Capacity	Minimum 30 Ah at C/10 discharge rate.
4.	Nominal Voltage	12.8V
5.	Warranty	Minimum 60 months from date of installation or 63 months from the date of supply whichever is earlier
6.	Manufacturer	Any National/International Reputed manufacturer

Technical Specification of Solar Charge Controller

Sl. No.	Items	Description
1.	Standard	Conform to latest BIS/IEC/MNRE Specification
2.	Technical Parameter	
2.1	Type	PWM/MPPT
2.2	Rating	Minimum 15A or more as per Module capacity
2.3	Nominal Voltage	12V
2.4	Efficiency	Min 85%
2.5	No Load current consumption	< 10 mA
2.6	Dusk to dawn operating Facility	Must be provided . The PV module itself should be used to sense the ambient light level for switching ON and OFF the lamp.

3.0	PROTECTIONS	
3.1	Temperature compensation	Electronics should operate at 12 V and should have temperature compensation for proper charging of the battery throughout the year.
3.2	Battery Over charge & Dep discharge	The system should have protection against battery overcharge and deep discharge conditions.
3.3	No load protection	Adequate protection is to be incorporated under "No Load" conditions e.g. when the lamp is removed and the system is switched ON.
3.4	Short circuit	Fuse should be provided to protect against short circuit conditions.
3.5	Reverse flow of current	Protection for reverse flow of current through the PV module(s) should be provided.
3.6	Battery Reverse Polarity	Adequate protection should be provided against battery reverse polarity.
3.7	Load Reconnect	Load reconnect should be provided at 80% of the battery capacity status.
3.8	Indicators	The system should have two indicators, green and red. The green indicator should indicate the charging under progress and should glow only when the charging is taking place. It should stop glowing when the battery is fully charged. Red indicator should indicate the battery "Load Cut Off" condition.
3.9	Workmanship	The PCB containing the electronics should be capable of solder free installation and replacement
3.10	Housing	IP 65 type or must be in built with Luminary enclosure
4.0	Warranty	Minimum 60 months from date of installation or 63 months from the date of supply whichever is earlier
5.0	Manufacturer	Reputed Indian conforming to above standard

Technical Specification of LED Luminary

Sl. No.	Items	Description
1.0	Standard	Conform to latest BIS/IEC/MNRE Specification
1.1	Certification	LM 79 & LM 80 ,IP 65 for luminary housing
2.0	Technical Parameter	
2.1	Light Source	White Light Emitting Diode (W-LED) 30 Watt (Max.), W-LED luminaire, dispersed beam, soothing to eyes with the use of proper optics and diffuser
2.2	Manufacturer of LED	Cree/Philips/ Osram / Nichia or equivalent national /international manufacturer conform to the above

		standards.
2.3	Light Output	Multiple Light levels: The lamp should have two levels of light to take care of different lighting needs during the night. Minimum 16 Lux when measured at the periphery of 4 meter diameter from a height of 4 meter (at "High" illumination level). The illumination should be uniform without dark bands or abrupt variations.(Higher light output will be preferred)
2.4	Lumen per Watt	Min 110 lm/W
2.5	Colour Temperature	The colour temperature of W-LEDs used in the system should be in the range of 5500oK- 6500oK.
2.6	Duty Cycle	Dusk to dawn . The light output from the W-LED light source should be constant throughout the duty cycle
2.7	Housing	The Luminaire housing should be water proof (IP 65) with inbuilt surge protection (Water Proof and Shock Proof). The housing may made of Aluminium pressure die-casting with Poly carbonate cover or equivalent having IP-65 certified.
2.8	Heat Sink	Proper heat sink is to be provided with the electronic devices .
2.9	Ultraviolet Light	LEDs should not emit ultraviolet light
2.10	Driver Ckt	High efficiency DC to DC
	Efficiency	Min 90%
2.11	Life of the LED	Min 35000 Burning Hours corresponding to daily 12 Hrs Operation
2.12	No Load current consumption	< 10 mA
2.13	Dusk to dawn & motion Controller Compatibility	The LED luminary must be compatible with Solar Charge controller with dusk to dawn operation & working with motion controller .
3.0	PROTECTIONS	
3.1	Motion controller	Features must be provided . The first 4 hours will operate with full brightness & rest of the time with lower light level with motion sensor . In case in any movement is there it senses it & glows full with full light and automatically back to lower level after some time
3.2	No load protection	Adequate protection is to be incorporated under "No Load" conditions e.g. when the lamp is removed and the system is switched ON.
3.3	Short circuit	Fuse should be provided to protect against short circuit conditions.
3.4	Battery Reverse Polarity	Adequate protection should be

		provided against battery reverse polarity.
3.5	Workmanship	The PCB containing the electronics should be capable of solder free installation and replacement
3.6	Warranty	Minimum 60 months from date of installation or 63 months from the date of supply whichever is earlier
3.7	Manufacturer	Reputed Indian/International conforming to above standard

OPERATION and MAINTENANCE MANUAL

An Operation, Instruction and Maintenance Manual, in English and the local language, should be provided with the Solar LED Lighting System. The following minimum details must be provided in the Manual:

- Basic principles of Photovoltaics.
- A small write-up (with a block diagram) on Solar Street Lighting System - its components, PV module, battery, electronics and luminaire and expected performance.
- Significance of indicators.
- Type, Model number, voltage & capacity of the battery, used in the system.
- The make, model number, country of origin and technical characteristics (including IESNA LM-80 report) of W-LEDs used in the lighting system must be indicated in the manual.
- Clear instructions about mounting of PV module(s).
- Clear instructions on regular maintenance and trouble shooting of the Solar Home Lighting System.
- DO's and DONT's.

6. Five Years Maintenance and Performance Warrantee Contract (MPWC)

1.0 The Maintenance and Performance Warrantee Contract (MPWC)

- 1.1 After the works are awarded to the successful Bidder/Bidders, he/they enter into a Maintenance and Performance Warrantee Contract (MPWC) with MANIREDA which includes the scope of operation and maintenance of the components for a period of 5(five) years. The date of MPWC period shall begin from the date of actual commissioning of the system. The Maintenance and Performance Warrantee Contract shall include servicing & replacement guarantee for parts and components (such as battery, luminary, etc.) for 5 years from the date of installation & commissioning.
- 1.2 The maintenance service provided shall ensure proper functioning of the components as a whole. All preventive/routine maintenance and breakdown/corrective maintenance required for ensuring maximum uptime shall have to be provided by the Supplier. The Contractor shall furnish a Performance Report quarterly (every three months) to MANIREDA within 15th day of following month. The Maintenance and Performance Warrantee Contract (MPWC) shall have two distinct components as described below.

2.0 Preventive/Routine Maintenance

- 2.1 This shall include activities such as, cleaning and checking the health of the components may be required for proper functioning of the solar street light as a whole.

3.0 Breakdown/Corrective Maintenance

- 3.1 Whenever a complaint is lodged by the user, the bidder shall attend to the same within a reasonable period of time 3 days and in any case the breakdown shall be corrected within a period not exceeding 7 days from the date of complaint.
- 3.2 The bidder shall maintain the following facilities at the local Service Centre for ensuring highest level of services to the end user
 1. Adequately trained manpower, specifically trained by the bidder for carrying out the service activities.
 2. Adequate provisions for record keeping, which shall inter-alia, include the following :
 - (a) Details of component supplied within the command area of the service station including site and records of routine maintenance carried out (duly signed by the end user). These records shall include voltage, current, indicator charge, full glow, charge controller operation, electronics, etc.
 - (b) History record sheets of maintenance done.
 3. Adequate spares and manpower for ensuring least down time of an individual system.
 4. The Service Center shall send summary service reports to MANIREDA on half yearly basis. These reports shall include the following information :
 - (a) Number of systems covered by the Service Center
 - (b) Number of systems working satisfactorily on the reporting date
 - (c) Number of complaints received during the period of reporting
 - (d) Number of complaints attend during the period of reporting
 - (e) Major cause of failure, as observed
 - (f) Major replacement made during the reporting period

Separate report shall be submitted for each type of systems manufacture wise in case the service center caters to the requirement of more than one manufacture

- 3.3 The records maintained at the Service Center shall be available from time to time to MANIREDA.
- 3.4 The date of MPWC maintenance period shall begin on the date of actual commissioning of the systems.
- 3.5 Bidder shall furnish details of infrastructure that are presently available for establishing of Service Centers.

7. Proforma - 1

Forwarding Letter

NIB No.: 67/2/2018/LED/SSL/MANIREDA

To,

The Director Manipur Renewable Energy Development Agency (MANIREDA) 2nd Floor,
South Block, Secured Office Complex, Near 2nd M.R. Gate, Imphal-Dimapur Road, Imphal-795001, Manipur.

Sub : Offer In Response to Notice Inviting Bid No. for Design, Manufacturing, Supply, Installation, Testing & Commissioning Including 5 Years Maintenance and Performance Warrantee Contract (MPWC) of components for solar street light.

Sir,

With reference to the above we are submitting this offer after having fully read and understood the nature of the work and having carefully noted all the specifications, terms & conditions laid down in the bid document. This offer is hereby submitted in sealed envelopes duly marked as indicated below :

(Technical Proposal): Submitted in original the Financial Proposal is submitted online in e-tender we also confirm that:

2. We are an Indian company/firm.
3. The components be indigenously manufactured.
4. We have never been debarred from executing similar type of work by any Central/ State/
Public Sector Undertaking/Department/Nodal Agency.
5. The Bid Document is downloaded from MANIREDA website and necessary document in support is enclosed.
6. We shall execute the offer/work order as per specifications, terms & conditions of the Bid Documents on award of work.
7. Our offer shall remain valid for placement of purchase orders up to 365 days from the due date of submission of offer.
8. If at any time, any of the declarations submitted by us is found to be false, our offer or order is liable to rejection.

Yours faithfully,

Format for Submitting the PRICE SCHEDULE/FINANCIAL BID (To be uploaded ONLINE only) for Design, supply, installation & Commissioning with Five years of Maintenance Performance Warranty Contract of Battery, Luminary, Cables, etc. in Manipur

BID No. : 67/2/2018/LED/SSL/MANIREDA

Date :

To,

The Director

Manipur Renewable Energy Development Agency (MANIREDA), 2nd Floor, South Block, Secured Office Complex, Near 2nd M.R. Gate, Imphal-Dimapur Road, Imphal-795001, Manipur.

Price Schedule

Sl.	Item	Total Bid Quantity	Price in Rupees	
			Unit	Total
1	2	3	4	5 = 3 x 4
1	Cost on supply of component for W-LED Solar Street Light	100		
2	LED based Luminary(30 watt)	100		
3	LiFePO4 Battery(12.8V/30 AH)	100		
4	Battery Box with grill	100		
5	SPV Module (12V, 100 Wp)	8		
6	Module mounting structure(hot deep galvanized)	8		
7	Interconnecting Cable	100		
8	Balance of component such as painting, Nuts & Bolts, etc.	100		
9	Component Cost	100		
10	GST @5% on component cost	100		
11	Transit Insurance	100		
12	Transportation	100		
13	GST@ 5% on transportation	100		
14	Installation & Commissioning charge	100		
15	Labour Cess @1% on Installation & Commissioning	100		
16	GST @18% on installation & Commissioning	100		
17	Maintenance Performance Warranty Contract (MPWC)	100		
18	Labour Cess @1% on MPWC	100		
19	GST @18% on MPWC	100		
20	Total (A)	100		
21	Contingency charges @3% on Installation & Commissioning	100		
22	Agency charges @11.75% on Installation & Commissioning	100		
23	Grand Total	100		
24	Total in words	Rupees only		

(DO NOT SUBMIT FINANCIAL BID IN PHYSICAL FORM, TO BE UPLOADED ONLINE ONLY)

Certified that rates quoted for solar components are as per specifications, terms & conditions mentioned in the bid document.
