June 17, 2020  

Dear Suresh Babu ji,

Greetings from ISRO!

We have great pleasure to inform you that Indian Space Research Organisation (ISRO) plans to play its unifying role for the young minds of our country by involving them in various online competitions showcasing their potential talents by organising online ISRO Cyberspace Competitions—2020, during the present COVID-19 challenging times, when physical meetings are near-impossible. The program is aimed to tap the creativity, innovative ideas and harness the unbound imagination of school students towards Space Science and Technology. ICC—2020 would avoid the physical travel of the students to different places and facilitates their online participation, keeping them safe within their home during these testing times.

This cyberspace based competition will be a frontrunner in motivating the student community to explore the concepts and boundless mysteries in the space science and technology domain and will be inspirational to students during this difficult ‘COVID’ times.

The online registration is already open and last date of registration is June 24, 2020. It may be noted that there is no participation fee for ICC-2020. The list of top 500 participants will be announced on ISRO website for each event and All India Merit certificate will be provided to them by E-mail / post. All other participants will receive Participation Certificate through e-Mail.

I request you to kindly arrange to give wide publicity about ICC—2020 in your State. More information regarding the same will be available in www.isro.gov.in/icc-2020. Looking forward for your kind cooperation and urgent needful action. In case of any further clarification you may kindly contact 080-23515850.

With best regards,

Yours Sincerely,

Dr. J Suresh Babu  
Chief Secretary  
Government of Manipur
Indian Space Research Organisation

ISCRO Cyberspace Competitions (ICC - 2020)

COVID-19 has forced ISRO to organize various online competitions to encourage students and young minds to participate in space science and technology. The competition is open to students of all classes and includes various categories such as drawing, model making, essay writing, and space quiz. The competition aims to make students more aware of space science and technology and to inspire them to pursue careers in these fields.

During the present COVID-19 challenging times, when physical meetings are near-impossible, ISRO plans to play its unifying role for the young minds of our country by involving them in various online competitions showcasing their potential talents by organizing online ISRO Cyberspace Competitions - 2020 (ICC-2020).

The competition is open to students of all classes and includes various categories such as drawing, model making, essay writing, and space quiz. The competition aims to make students more aware of space science and technology and to inspire them to pursue careers in these fields.

ISRO-2020 would avoid the physical travel of the students to different places and facilitates their participation online keeping them safe within their home during these testing times. The competitions planned are:

1. Drawing competition for Class 1 to 3
2. Model making competition for Class 4 to 8
3. Essay competition for class 9 to 10 (Either Hindi or English)
4. Essay competition / Space-Quiz contest for class 11 to 12 (Either Hindi or English)

During the present scenario, when all the outreach programmes related to space science and technology are apparently not possible, this cyberspace based competition will be a frontrunner in motivating the student community to explore the concepts and boundless mysteries in the space science and technology domain.

With increase in digital awareness of the Indian mass, the participation in this competition will be in-line towards the philosophy of 'Digital India' and aims to tap the creativity, inquisitiveness, innovativeness harnessing the unbound imagination of school students towards Space Science and Technology.

There is no fee for participation.

For registration online, please visit:
The general rules and details of ICC – 2020 are as follows:

1. The competition is open to the school students studying in India.
2. The participation in ICC – 2020 is without any fee.
3. All competitions are individual events.
4. Participation in these competitions can be done from home and participants need not travel anywhere.
5. The affiliation of students for a particular class category shall be based on their enrolment during the academic year 2020-21.
